BENCHTOPS

With more than 150 realistic stone structures, wood grains and neutral solid colours, **polytec**'s innovative Benchtops range remains unrivalled in the decorative surfaces industry.

The recent addition of 14 new Woodmatt laminates match the perception of authentic timber in both look and feel. The newest addition of Smooth and Matera laminates look and feel like honed stone, with the benefits of easy cleaning along with being less prone to fingerprints.

In keeping with current kitchen trends, **polytec**'s complete array of stone structures and wood grain Benchtops are represented with precision, true to natural materials in colour, clarity and depth, demonstrating **polytec**'s investment in state-of-the-art manufacturing technologies.

polytec Benchtops are offered in three thicknesses and seven different profiles to provide solutions to everyday project challenges and enable maximum design flexibility.

Benchtop in **LAMINATE** Argento Stone Matt.
 Doors and panels in **RAVINE** Tessuto Milan.
 Drawers in **LEGATO** Castel.

GREEN

polytec is committed to an eco-friendly and sustainable environment. It is an intrinsic part of the way we do business daily. Our decisions are made so that they have minimum negative impact on the environment.

Our product is manufactured from managed and renewable plantation pine, and on request can be purchased as Responsible Wood chain of custody certified. All **polytec** board products are manufactured from E0 or E1 MDF.

We manage waste responsibly through numerous recycling programs including aluminium and metals, used oils and timber waste is recycled back into energy. We subscribe to local government environmental initiatives and voluntary audits as well as our own internal Energy and Carbon Management Policy (ECM), which aligns with the Australian Government's Energy Efficiency Opportunities (EEO) program.

polytec doors and benchtops are Australian Made & Owned.

CARE

The surfaces of **polytec**'s Benchtops are made from a stain-resistant resin. The toughness and high impermeability of this surface means that **polytec**'s Benchtops & laminate should require no more than wiping with a soft cloth, dampened with plain water or a household detergent mix to remove all common household spills.

polytec's Benchtops & laminate doors and panels should be cleaned by wiping down with a white damp soft cloth and warm soapy water. For more stubborn stains use a mild household cleaning spray. Always ensure you refer to the recommendations provided by the manufacturer of the cleaning product before use.

By following these simple steps you should retain a beautiful kitchen surface for many years.

Visit www.polytec.com.au for specific care and cleaning information. Darker colours will show superficial wear and tear more readily than lighter coloured surfaces and require more care and maintenance.

The colours and details shown in this brochure are to the highest standards in printing. However, they should only be used as an indication of actual product colour. To order your free colour sample visit www.polytec.com.au. **polytec** swatches and samples represent a small area of the overall colour structure, to view the large colour sample, visit www.polytec.com.au

The use of our current colour samples gives the colour and finish that a customer would expect to receive. **polytec** does not guarantee exact colour matches across product ranges due to colour variation in each product group.
