RODI

STATUMAX

CROWN

# MOON RIVER

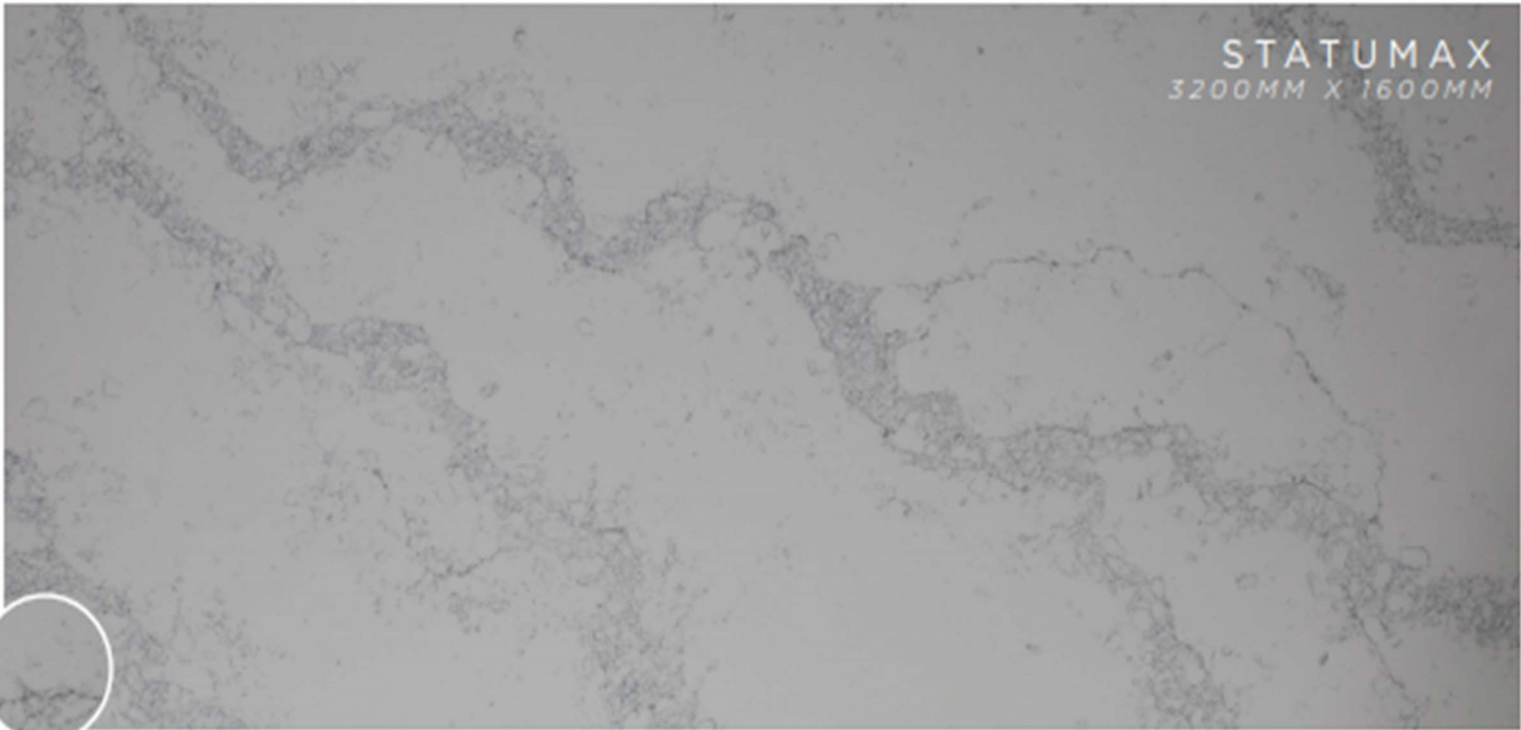

LYSKAMM

ALPINE GREY

STATUMAX  
3200MM X 1600MM

A large rectangular sample of Statumax marble featuring a complex, organic pattern of grey and white veins. A small circular inset in the bottom-left corner provides a magnified view of the texture.

CROWN  
3200MM X 1600MM

A rectangular sample of Crown marble with a pattern of dark, irregular veins on a light grey background. A small circular inset in the bottom-left corner shows a magnified detail.

LYSKAMM  
1565MM X 3210MM

A rectangular sample of Lyskamm marble with a subtle, fine-grained pattern of light and dark grey tones. A small circular inset in the bottom-left corner shows a magnified detail.

ALPINE GREY  
3200MM X 1600MM

A rectangular sample of Alpine Grey marble, which is a solid, dark grey color with a fine, uniform texture. A small circular inset in the bottom-left corner shows a magnified detail.

RODI  
3210MM X 1565MM

A rectangular sample of Rodi marble with a light beige or tan color and a fine, slightly textured surface. A small circular inset in the bottom-left corner shows a magnified detail.

GLACIER  
3200MM X 1600MM

A rectangular sample of Glacier marble featuring a pattern of dark, irregular veins on a light grey background, similar to the Crown pattern. A small circular inset in the bottom-left corner shows a magnified detail.

MOON RIVER  
3200MM X 1600MM

A rectangular sample of Moon River marble with a pattern of dark, irregular veins on a light grey background, similar to the Crown pattern. A small circular inset in the bottom-left corner shows a magnified detail.
